

Minimum size The logo should not be reproduced smaller than the size specified here. There are no maximum size restrictions as long as the clear space requirements are met.

Safety area Around the logo, there should always be enough space to ensure a clear visual image. The amount of clear space must not be altered.

Color versions The Sensire logo can be used in 5 colors. The color should be chosen so that it creates a good contrast with the background. Only these 5 color variants are allowed.

Incorrect use The Sensire logo is essential to the brand and should be used as instructed. Do not modify.
